

IFAC WORKSHOPS
ADAPTATION AND LEARNING IN CONTROL AND SIGNAL PROCESSING
(ALCOSP'07)
& PERIODIC CONTROL SYSTEMS (PSYCO'07)
August 29-31, 2007, Saint Petersburg, Russia

The Organizing Committee of the 9th IFAC Workshop “Adaptation and Learning in Control and Signal Processing” (ALCOSP 2007) and the 3rd IFAC Workshop “Periodic Control Systems” (PSYCO 2007) offers Industry Exhibit and Corporate Sponsorship Opportunities.

Workshops will be held in Saint Petersburg, Russia, on August, 29–31, 2007. Workshops will be attended by about 150 specialists with more than 100 international participants from many countries including Japan, USA, Germany, France, UK, Spain, Mexico and China. The scope of the workshops will cover all areas of theory and its applications in science and engineering, in particular in control, communications and signal processing, including Adaptive and periodic control of linear or nonlinear systems, Learning and intelligent control, Stability and complex dynamics, Adaptive and intelligent networked systems, Adaptation and learning in telecommunications, Applications in motion control, communications, signal processing, nano- and femtotechnologies. Panel discussion on topics of interest to industry will be organized.

The venue is the Imperial Anichkov Palace, beautifully located in the historical center of Saint Petersburg. Some pictures of the Anichkov Palace can be found on the workshop websites. The Social Program assumes various guided tours over Saint Petersburg and suburbs including visits to Tsars’ palaces and museums.

The opportunity for industry sponsorship is to access this assembled audience of industrialists, researchers, educators and students specialized in modeling, control, identification, learning and intelligent systems, filtering and signal processing. Other aspects are marketing, recruitment, and a window onto newly developing cutting edge techniques, technologies, and applications in the important areas of process applications, design, and management.

Attached herewith are descriptions of the levels of industry sponsorship available and their costs. Should you wish to participate in ALCOSP 2007 and PSYCO 2007 in this way, please contact the Exhibits Chair, Prof. Boris Andrievsky at alcosp07@physcon.ru .

I believe that you find the sponsorship of this event an exciting prospect, and it would be our honor and privilege to host you in one of the most beautiful cities in the world.

Yours sincerely,

Professor Alexander L. Fradkov,

ALCOSP 2007 & PSYCO 2007 National Organizing Committee Chair

Inst. for Problems of Mechanical Engineering, 61, V.O. Bolshoy Ave., 199178, Saint Petersburg, RUSSIA. Tel: +7(812)321-4766, Fax: +7 (812) 321–4771, Email: alcosp07@physcon.ru
